Add: 1 floor, Building A Cultural and Creative Industry Park, Xinzhou SouthRoad, Futian District, Shenzhen
Website: <http://www.3dplus.cn>

Benefits you are going to get from our Scanner!

✓ **Fast Scanning Speed**

Full Body 3D data can be captured within **2** seconds!

✓ **Reliable High Precision**

High measurement rate with accuracy range from **0.05mm~0.1mm**, minimum point to point distance can be **0.7mm**.

✓ **Real Texture & Full Color Restoration**

Seamless capture of high-quality geometry and texture & colors Simultaneously, which guarantees the excellent post processing output

✓ **The Largest Scanning Capacity**

At least **500** people can be scanned a day!

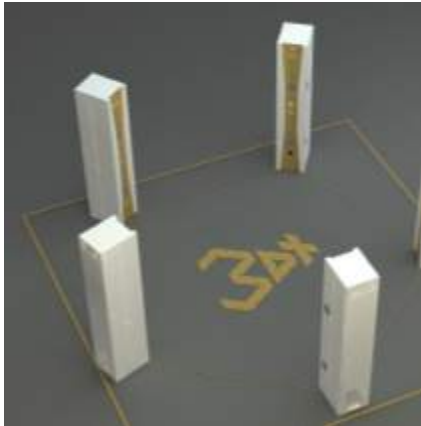

✓ **Non- contact Scanning**

✓ **User-Friendly**

Easy Post Processing ,no experience is required, data can be formed in 45 seconds.

Spec.

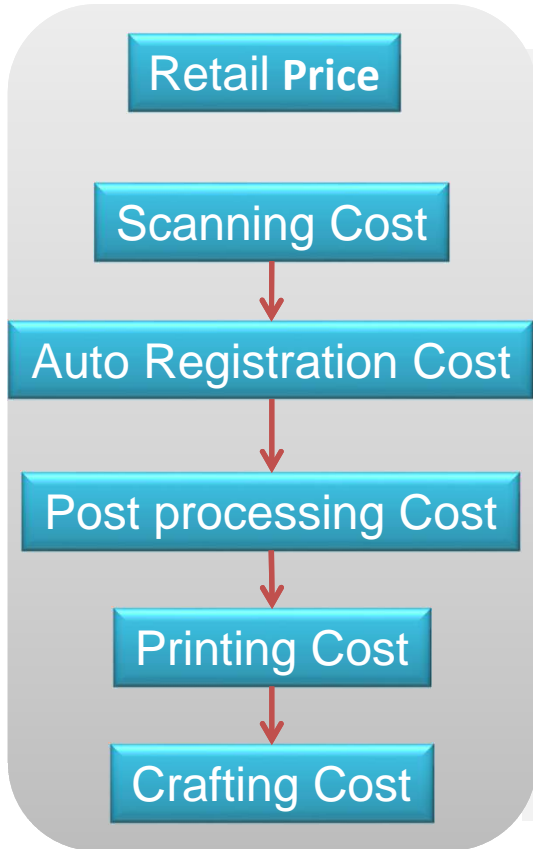

Scanning Area	Φ2,000mmx2,150mm(H)
Scanning Time	1.4 seconds
Conformity	98%
Post-Processing time	Around 2 hours
Accuracy	0.05mm~0.1mm
Point Distance	0.7mm
Scanning Manner	White Light(Non-Contact)
Texture	RGB 24 digit
Data Registration	Automatic
File Format	.wrl .obj .stl .act .ply
Power	110V-230V 3500W
Computer configuration	I7/8G memory/Win7x64 operation sys
Size/ea.	210mm(L)x365mm(W) x2100mm(H)
Weight(5)	G/W 460 KG N./W. 435KG
